Stu—— Buddy

The smart, self-service shop for student life.

Scan. Pay. Grab. Go.

A closet?
A vending machine?
It's better.

Meet Stubuddy Kiosk.

Smart Locker + Essentials Shop

Stubuddy Kiosk is a self-service smart closet stocked with student essentials that you forget, break, or need right now. No apps. No stress. No waiting.

- Designed for busy students
- Curated with the most-wanted Stubuddy products
- Always available, just scan, pay, and pick up

HOW IT WORKS

Grab what you need in 4 easy steps:

STEP 1

SCAN THE QR CODE

Use your phone to **scan the QR code** on the locker of the item you want.

STEP 2

MAKE YOUR PAYMENT

Check the product details and **pay securely** through your phone.

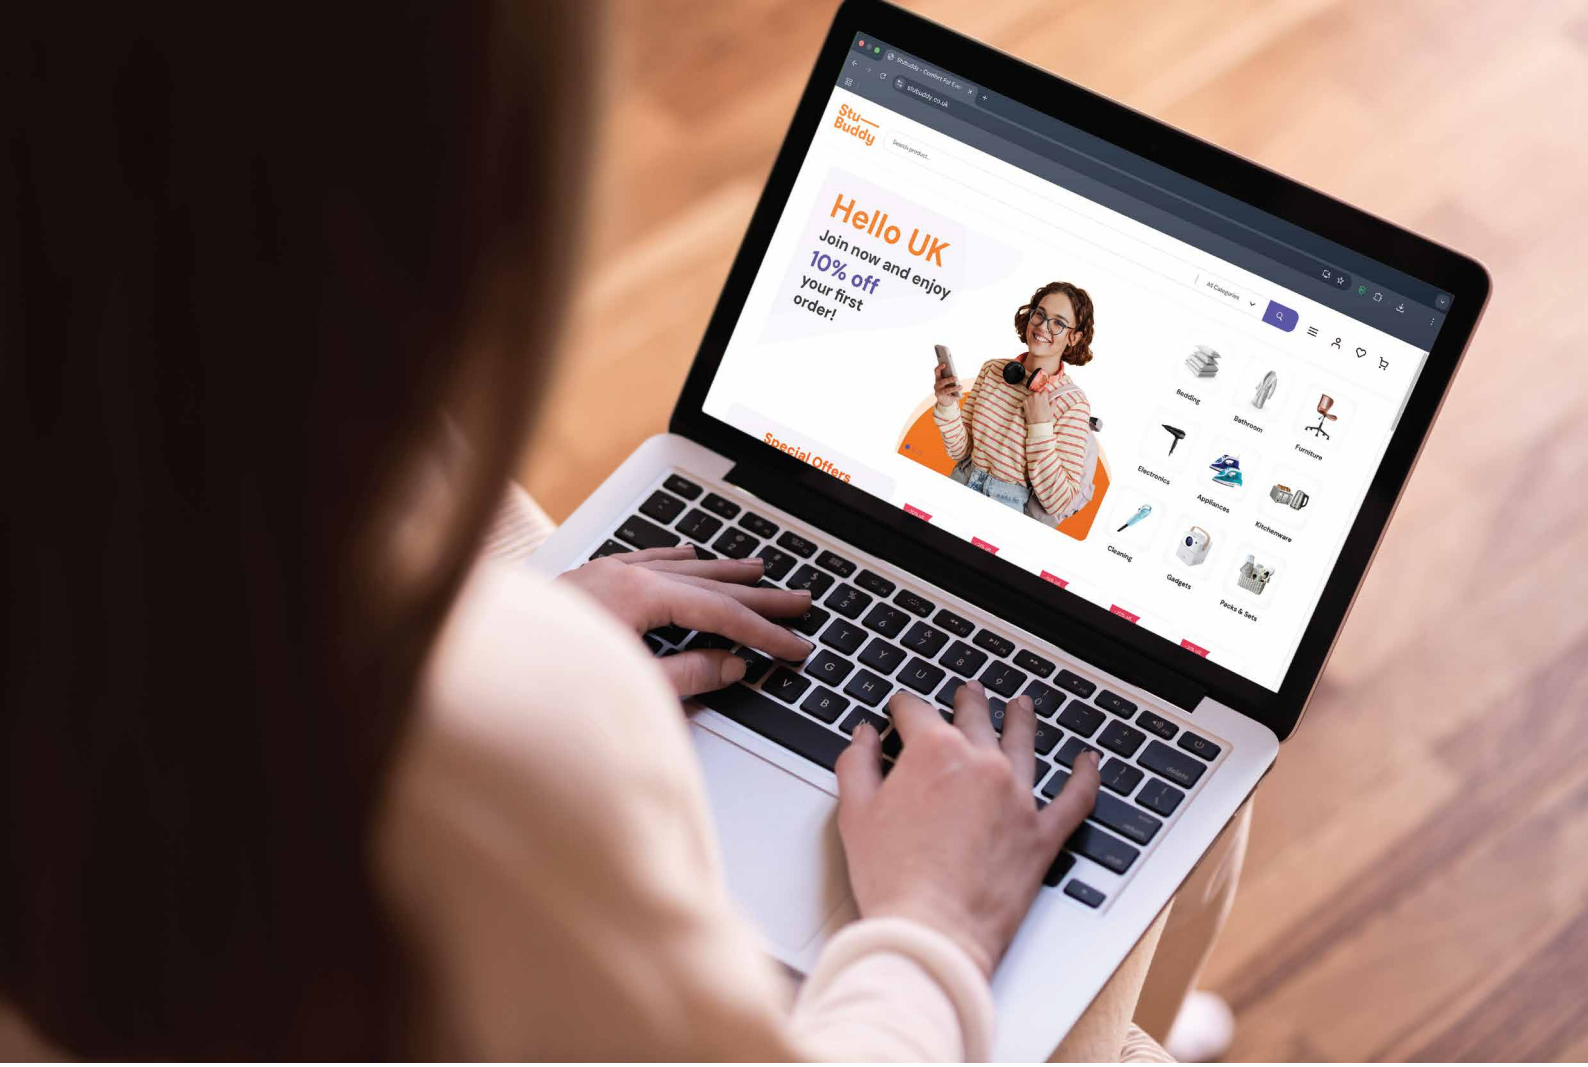

STEP 3

GET YOUR UNLOCK CODE

Once you've paid, we'll send you a **4-digit code.**

Enter the code on the locker, open it up, and boom — it's all yours!

No app. No stress. Just good stuff, fast.

Inside the kiosk?

All the must-haves, all in one place.

You can find all the student essentials you actually need – from air fryers and mini blenders to kettles, toasters, cleaning kits, snack packs, coffee machines, hair dryers, and more!

Every product is picked based on student demand

Regularly updated with top-sellers

Wait, who's Stubuddy?

Stubuddy is your go-to for all things student life.

What we do:

- Stylish, budget-friendly essentials
- Kiosks for instant pick-up
- Starter kits delivered to your door
- Products made for your lifestyle

HOW IT WORKS (FOR PARTNERS) ?

Simple setup. Full support. Minimal footprint.

Stubuddy Kiosk is made to fit both your space and your student's needs.

Modular design

Each kiosk is built from adaptable modules. We can scale it up or down depending on your available area, without disrupting your interior layout. Every module includes lockers in various sizes to accommodate a wide range of product types.

Typical setup requirements:

Min. space per module: **66 cm (W) x 80 cm (D) x 220 cm (H)**
Installation clearance: **Approx. 1.5 m²**
One **standard power socket**
Indoor placement in a communal or monitored area

We handle it all:

Delivery & full installation (avg. **2 days**)
Remote monitoring & student support
Product restocking & maintenance

Zero admin. Zero staff time. Just plug, place, and go.

PERFORMANCE AT A GLANCE

Kiosks that click. (Literally.)

90% of users say they'd shop from the kiosk again

Average time from scan to item in hand: **under 3 minutes**

Most-picked products: **Coffee Machine, Sandwich Maker, Kettle**

On-site staff needed post-install: **Zero**

We monitor performance, rotate bestsellers, and keep it stocked with what students actually use. This isn't guesswork, it's data-driven.

BUILT SMART. STYLED STUBUDDY.

Designed with purpose. Built to last.

Stubuddy Kiosks aren't just good-looking. They're sustainably built and safety-certified, combining a long-lasting structure.

Eco-conscious materials: Crafted from wood explicitly grown for furniture and structural use, with minimal environmental impact.

Fire-Resistant & Certified: Made with certified materials that meet fire safety standards. Full documentation is available upon request.

Tamper-resistant glass: Tempered safety glass doors are designed to be impact-resistant and prevent shattering.

LED-lit display zones: Energy-efficient lighting highlights each product, enhancing the overall shopping experience.

Stubuddy branding only: To keep the experience clear, consistent, and recognisable, we don't allow external branding customisation.

Revenue-sharing? Let's talk: Our standard model is brand-led, not commission-based. However, we're open to discussing tailored setups based on space and scale. Let's chat.

Let’s bring Stubuddy to your space.
